MEMORANDUM FOR ACC MEDICAL GROUP COMMANDERS

FROM: HQ ACC/SG
162 Dodd Blvd., Suite 100
Langley AFB, VA 23665-1995

SUBJECT: Bioenvironmental Engineering Suggested Priorities

1. Due to deployments and high operations tempo, bioenvironmental engineering functions may have difficulty keeping up with all required work. Options for relief from other sources are not always available. Attached is a suggested priority list for bioenvironmental engineering personnel to help ensure mission critical tasks are completed. While this list provides a starting point, priorities may need to be tailored to unique mission requirements and local situations.
2. My point of contact is Lt Col Ron Marchioni, DSN 574-1273, or e-mail at ronald.marchioni@langley.af.mil, if you have any questions.

A handwritten signature in cursive script, reading "Russell J. Kilpatrick".
