

DEPARTMENT OF THE AIR FORCE
HEADQUARTERS AIR COMBAT COMMAND
LANGLEY AIR FORCE BASE, VIRGINIA

03 JAN 2000

MEMORANDUM FOR USACHPPM/DOHRS PMO
ATTN: Mr Bill Monk

FROM: HQ ACC/SGOP
162 Dodd Blvd
Langley AFB, VA 23665-1995

SUBJECT: Review of CHCS II Predeployment Survey

This memo responds to your email request to Maj Blazicko, our DOHRS Working Group POC, to review the CHCSII predeployment survey list (Atch). It is the Air Force's position that, as a matter of efficiency, DOHRS should survey all Air Force industrial hygiene (IH) offices at or near CHCS II deployment sites. There are eight relevant major commands (excluding Air Reserve Components) and approximately 87 Air Force installations that should be considered. If you need additional details on the location of IH offices, we would be glad to provide those details.

Please provide this office a copy of the information you collect and any summary information you generate. Feel free to contact me with any questions at DSN 574-1209.

A handwritten signature in black ink, appearing to read "Mark Hamilton".

Mark Hamilton, USAF, Colonel, BSC
Command Bioenvironmental Engineer
Office of the Command Surgeon

Lou:

I have forwarded your request to finalize the AF bases for DOHRS-IH predeployment survey to my bosses. I expect you will receive an answer from them. If don't hear anything soon, let me know and I will check on status.

Maj Brian Blazicko

Maj Blazicko, Al:

Attached is the DOHRS-IH Sites List arranged in line with the CHCSII deployment schedule.

Please review to insure all your sites are listed. A response NLT noon 28 January would be appreciated.

Thanks for your assistance.
